*Paglieta (CH) , Italy*

I like people in this city because they are very friendly. When I go for a walk you can see someone you don't know who says "Ciao!!" and smiles to you.

The different thing between Paglieta and my town in Thai is the architecture tone. Here goes in the same way but in Thai we can choose the colors that we want.

*San Vito Chietino*

When I go back to Thailand I will get the skill of living with others, good relationship with friends, a host family and Italian language.
